Note: The school grades calculation was revised substantially for the 2014-15 school year to implement statutory changes made by the 2014 Legislature and incorporate the new Florida Standards Assessments. The 2014-15 school grades serve as informational baseline data that schools can use to improve in future years.

School Board Approval

This plan is pending approval by the Polk County School Board.

SIP Authority and Template

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a school improvement plan (SIP) for each school in the district.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F, or with a grade of F within the prior two years. For all other schools, the district may use a template of its choosing. All districts must submit annual assurances that their plans meet statutory requirements.

This document was prepared by school and district leadership using the Florida Department of Education's school improvement planning web application located at <https://www.floridacims.org>.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. A corollary at the district level is the District Improvement and Assistance Plan (DIAP), designed to help district leadership make the necessary connections between school and district goals in order to align resources. The Florida Department of Education encourages schools to use the SIP as a “living document” by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the “Date Modified” listed in the footer.

Part I: Current School Status

Part I organizes the current status of the school around five domains inspired by the 5Essentials framework: Supportive Environment, Family and Community Involvement, Effective Leadership, Public and Collaborative Teaching, and Ambitious Instruction and Learning. Questions regarding the school’s Multi-Tiered System of Supports have been embedded throughout this part to demonstrate how data is used by stakeholders to understand the needs of all students and allocate appropriate resources in proportion to those needs.

Part II: Needs Assessment

Part II requires the school to review performance and early warning systems data in order to develop strategic goals and associated data targets (i.e., “SMART goals”) for the coming school year in context of the school’s greatest strengths and needs. An online tool was developed, which includes data visualizations and processing questions to support problem identification, problem analysis and strategic goal formulation.

Part III: 8-Step Planning and Problem Solving for Implementation

Part III enables the school to develop implementation plans for its highest-priority goals. With the overview of the current state of the school in mind and the strategic goals identified through the needs assessment, the planning team engages in a facilitated planning and problem-solving process, through which they

- Define strategic goals and establish targets to be reached by successfully achieving the goals (Step 1)
- Identify resources available to support the goals and barriers that could hinder achieving those goals (Step 2)
- Select high-priority barriers they want to address initially (Step 3)
- Design implementation and monitoring plans for strategies to resolve selected barriers (Steps 4-7)
- Determine how they will monitor progress toward each goal (Step 8)

Appendices

The following appendices, automatically-generated from content entered in Part III, are included in this document:

- Appendix 1 is a timeline of all action steps and monitoring activities
- Appendix 2 is an outline of all professional development opportunities and technical assistance items
- Appendix 3 is a report of the budget needed to implement the strategies

Differentiated Accountability

Florida's Differentiated Accountability (DA) system is a statewide network of strategic support, differentiated by need according to performance data, and provided to schools and districts in order to improve leadership capacity, teacher efficacy and student outcomes. DA field teams collaborate with district and school leadership to design, implement and refine improvement plans, as well as provide instructional coaching, as needed.

DA Regions

Florida's DA network is divided into five geographical regions, each served by a field team led by a regional executive director (RED).

DA Categories

Traditional public schools are classified at the start of each school year, based upon the most recently released school grades (A-F), into one of the following categories:

- Not in DA – currently A or B with no F in prior three years; charter schools; ungraded schools
- Monitoring Only – currently A, B or C with at least one F in the prior three years
- Focus – currently D
 - Planning – two consecutive grades of D (i.e., DD), or a grade of F immediately followed by a grade of D in the most recent grades release (i.e., FD)
 - Implementing – two consecutive grades of D in the most recent grades release preceded by a grade below C (i.e., FDD or DDD)
- Priority – currently F
 - Planning – declined to a grade of F in the most recent grades release and have not received a planning year or implemented a turnaround option during the previous school year
 - Implementing – two consecutive grades of F (i.e., FF), or three consecutive grades below C with an F in the most recent grades release (i.e., FDF or DDF)

DA Turnaround and Monitoring Statuses

Additionally, schools in DA are subject to one or more of the following Turnaround and Monitoring Statuses:

- Former F – currently A-C with at least one F in the prior three years; SIP is monitored by FDOE
- Planning – Focus Planning and Priority Planning; district is planning for possible turnaround
- Implementing – Focus Implementing and Priority Implementing; district is implementing the Turnaround Option Plan (TOP)

Supportive Environment

School Mission and Vision

Provide the school's mission statement

Bethune Academy values the unique qualities of each person and believes that everyone has the capacity to learn. We expect all learners to attend and show effort, meet the required curriculum, develop responsibility, citizenship, and leadership.

Provide the school's vision statement

It is our vision to be a leader in Science, Technology, Engineering and Mathematics (STEM) education by inspiring and preparing generations of critical and creative thinkers to meet the challenges of a global society through innovation and collaboration.

School Environment

Describe the process by which the school learns about students' cultures and builds relationships between teachers and students

Classroom teachers, K-5, develop and implement instructional units that focus on the different cultures represented in our school community. Our Music and Art teachers enhance the instructional units with projects and hands on experiences that provide students the opportunity to explore different aspects of other cultures.

Describe how the school creates an environment where students feel safe and respected before, during and after school

Bethune Academy creates a nurturing environment where all stakeholders are valued. Memorable differences for all stakeholders are created through a monthly school wide Spirit Day and Celebration. Bethune Academy Teachers and Staff reinforce a sense of community, values, and procedures to our students on a daily basis. We dedicate ourselves to providing a school wide discipline and problem solving system that provides and safe and respectful environment. Our expectations are shared with our stakeholders during connect ed messages, monthly newsletters, and parent contracts.

Describe the schoolwide behavioral system in place that aids in minimizing distractions to keep students engaged during instructional time. This may include, but is not limited to, established protocols for disciplinary incidents, clear behavioral expectations, and training for school personnel to ensure the system is fairly and consistently enforced

The Bethune Academy behavior plan is systemic in nature... Each classroom teacher manages behavior expectations through the use of a four level card system. The administration has designed an intermediate step which includes an opportunity for the student to reflect on his/her behavior in writing. Our goal is to develop positive interventions for students who have struggled with behavior expectations. Intervention Conferences are scheduled when students have demonstrated recurring infractions. This conference is a proactive practice involving parents, teachers, students, and Leadership Team members to discuss issues and develop a positive behavior plan. Positive student behavior is recognized daily through the Silver Ticket system. This system provides the

opportunity for every child to receive written recognition from staff members and reinforcement from the administration.

A monthly Spirit Day/Celebration is held to honor various stakeholder accomplishments.

Describe how the school ensures the social-emotional needs of all students are being met, which may include providing counseling, mentoring and other pupil services

Our school culture has established a safe and intentionally welcoming environment that nurtures the social-emotional needs of all students. Our Administration and Guidance Counselor have an open door policy that fosters communication among all stakeholders. They are readily available at the time of need.

Students who exhibit additional social -emotional needs are matched with staff mentors and/or various counseling groups.

Early Warning Systems

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(B)(ii)(III), (b)(1)(B)(iii)(I), and (b)(1)(I).

Describe the school's early warning system and provide a list of the early warning indicators used in the system

N/A

Provide the following data related to the school's early warning system

The number of students by grade level that exhibit each early warning indicator:

Indicator	Grade Level						Total
	K	1	2	3	4	5	
Attendance below 90 percent	2	4	2	7	7	2	24
One or more suspensions	2	1	2	2	1	5	13
Course failure in ELA or Math	0	0	0	0	0	0	
Level 1 on statewide assessment	0	0	0	0	15	14	29

The number of students identified by the system as exhibiting two or more early warning indicators:

Indicator	Grade Level		Total
	4	5	
Students exhibiting two or more indicators	1	1	2

Describe all intervention strategies employed by the school to improve the academic performance of students identified by the early warning system

Intervention Conferences are scheduled with the parents, teachers, and administration to develop an action plan for the student.

We set up behavior contracts to monitor student progress towards goals.

Our school wide behavior plans provides incentives, such as silver tickets, to positive reinforce behavioral and academic success.

Special mentors are assigned to students to encourage and support student success.

Family and Community Involvement

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(B)(iii)(I)(aa).

Describe how the school works at building positive relationships with families to increase involvement, including efforts to communicate the school's mission and vision, and keep parents informed of their child's progress

Title I schools use the Parent Involvement Plan (PIP) to meet the requirements of 20 U.S.C. § 6314(b)(1)(F).

Will the school use its PIP to satisfy this question?

No

PIP Link

The school completes a Parental Involvement Plan (PIP), which is available at the school site.

We believe that parent involvement is essential in student success. We strive to ensure that communication is a priority that links home and school.

Describe the process by which the school builds and sustains partnerships with the local community for the purpose of securing and utilizing resources to support the school and student achievement

Bethune Academy builds and sustains community partnerships through the following:

- Active Member of Northeast Regional Chamber of Commerce
- Principal serves as Chairperson of the Education Committee and is a member of other committees
- Class Sponsors
- School Advisory Council
- Great American Teach-In
- Partnered with CEMEX to develop two Outdoor Classrooms for major reclamation projects
- School Grant Committee

We believe that connecting with businesses and our community enriches our instructional experiences to provide first hand knowledge.

Effective Leadership

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(H).

School Leadership Team

Membership:

Name	Title
Carns, Michelle	Guidance Counselor
Knowles, Sharon	Principal
Rivera, Deborah	Instructional Coach
Wilkins, Lucus	Assistant Principal
Lachapelle, Janet	Instructional Coach

Duties

Describe the roles and responsibilities of the members, including how they serve as instructional leaders and practice shared decision making

Each person on our Leadership Team provides input and feedback during our regularly scheduled meetings. Members are considered an integral part of the school based decision making process. Members of the Leadership Team will observe, coach and provide essential feedback for classroom teachers.

Describe the process through which school leadership identifies and aligns all available resources (e.g., personnel, instructional, curricular) in order to meet the needs of all students and maximize desired student outcomes. Include the methodology for coordinating and supplementing federal, state and local funds, services and programs. Provide the person(s) responsible, frequency of meetings, how an inventory of resources is maintained and any problem-solving activities used to determine how to apply resources for the highest impact

Meetings are held weekly and guided by a structured agenda prepared by the administration. The structured agenda is based on current needs and unfinished business from previous discussions. Minutes from each leadership team meeting will be recorded and disseminated in a timely manner to each member. Each person brings their area of expertise to the table and is assigned tasks based on prioritized needs.

School Advisory Council (SAC)

Membership:

Name	Stakeholder Group
Jessica Couch	Parent
Janet Gomez	Education Support Employee
Kevin Kitto	Business/Community
Sharon Knowles	Principal
Carolyn Green-McCord	Parent
Jenna Emerson	Business/Community
Lucus Wilkins	Education Support Employee
Tequila Wiggins	Parent

Duties

Provide a description of the SAC's involvement with the following activities, as required by section 1001.452(2), Florida Statutes

Evaluation of last year's school improvement plan

The Bethune Academy SAC committee meetings are held the first Tuesday of every month. The SAC is presented with last year's School Improvement Plan and current FCAT and FSA Data and at the first SAC meeting of the new school year to discuss the outcome of scores and effectiveness of the plan.

The SAC analyzed the goals and determined if the outcome was met; then they provided feedback to set current year goals.

Development of this school improvement plan

Suggestions for the new School Improvement Plan are provided and discussed at the opening meeting and written into the new plan. They are focused on providing opportunities for students to be prepared for career or college path.

Preparation of the school's annual budget and plan

The budget is discussed in depth and funds are appropriated accordingly based on need using trend data from past years' data.

The SAC's main priority is that the majority of funds is appropriated for instructional needs to support students.

Describe the use of school improvement funds allocated last year, including the amount budgeted for each project

No school improvement funds were granted last year.

Verify that the school is in compliance with section 1001.452, Florida Statutes, regarding the establishment requirements and duties of the SAC

Yes

If the school is not in compliance, describe the measures being implemented to meet SAC requirements

Literacy Leadership Team (LLT)

Membership:

Name	Title
Simpson, Claretta	Teacher, K-12
Rivera, Deborah	Instructional Coach
Knowles, Sharon	Principal
Wilkins, Lucus	Assistant Principal
Lachapelle, Janet	Instructional Coach
Scott, Shakira	Teacher, K-12
McIntee, Susan	Teacher, K-12

Duties

Describe how the LLT promotes literacy within the school

The (TLC) shares the responsibility of attending professional development and district update meetings to train and inform and facilitate our teachers on the current best practices, The team meets to discuss grant opportunities to strengthen our reading program.

Public and Collaborative Teaching

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(D).

Describe the school's strategies to encourage positive working relationships between teachers, including collaborative planning and instruction

Teachers are provided three collaborative planning days during the school year in addition to the scheduled planning days scheduled by the district. Meetings during the specials' block are kept to a minimum to allow for teams to plan on grade level. Subject area and vertical planning occur regularly throughout the year..

Describe the school's strategies to recruit, develop and retain highly qualified, certified-in-field, effective teachers to the school

We rely heavily on our highly developed school culture and high performing students as a recruitment strategy to recruit and retain highly effective teachers.

Describe the school's teacher mentoring program, including the rationale for pairings and planned mentoring activities

Teachers are assigned mentors(coaches) based on subject area as we departmentalize. Mentors/ Coaches observe, coach and provide feedback on a weekly basis.

Ambitious Instruction and Learning

Instructional Programs and Strategies

Instructional Programs

Describe how the school ensures its core instructional programs and materials are aligned to Florida's standards

Teachers review the Learning Maps and curriculum resources weekly during collaborative planning. They plan by subject area and as an integrated team to align resources and content to the standards. Lesson plans are checked during daily walk-throughs. An administrator attends all collaborative planning days.

Instructional Strategies

Describe how the school uses data to provide and differentiate instruction to meet the diverse needs of students. Provide examples of how instruction is modified or supplemented to assist students having difficulty attaining the proficient or advanced level on state assessments

Teachers are provided a day to review data to identify student learning needs and provide corrective plan of action. The Leadership Team meets quarterly with each teacher to discuss individual students' data and progress monitoring results. Teachers differentiate center activities and guided reading/math lessons based on student results. Students who are not making progress are monitored by our Leadership Team on a monthly basis. Interventions are implemented using the MTSS Model. Problem Solving Team meetings are also scheduled to discuss the results with the parents of children in need of intensive interventions.

Provide the following information for each strategy the school uses to increase the amount and quality of learning time and help enrich and accelerate the curriculum:

Strategy: Before School Program

Minutes added to school year: 0

Provide an opportunity for struggling readers to become more fluent using an online reading program with support from a facilitator.

Data that is or will be collected and how it is analyzed to determine effectiveness of the strategy

Fluency scores are collected on a monthly basis from our paraprofessionals as well as data from the online reading program.

Student Transition and Readiness

PreK-12 Transition

The school's response to this question may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(G).

Describe the strategies the school employs to support incoming and outgoing cohorts of students in transition from one school level to another

Students transitioning from elementary to middle school and their parents attend a parent night at our feeder school where pertinent information is presented to assist with the transition. Our guidance counselor facilitates registration for the transitioning students in conjunction with our fifth grade teachers. Our students attend a Career Expo yearly to become familiar with the different middle school options in our district. During the year special area teachers from middle schools are invited to our campus to showcase their current offerings.

Pre-K students and families are invited to attend after school functions, concerts and tours of our school.

College and Career Readiness

Describe the strategies the school uses to advance college and career awareness, which may include establishing partnerships with business, industry or community organizations

N/A

Identify the career and technical education programs available to students and industry certifications that may be earned through those respective programs

N/A

Describe efforts the school has taken to integrate career and technical education with academic courses (e.g., industrial biotechnology) to support student achievement

N/A

Describe strategies for improving student readiness for the public postsecondary level based on annual analysis of the [High School Feedback Report](#), as required by section 1008.37(4), Florida Statutes

The following documents were submitted as evidence for this section:

Problem Identification Summary

This section is not required by the Florida Department of Education but is provided as an opportunity for the school to summarize the points of strength and areas of need that have been identified in the data.

Problem Analysis Summary

This section is not required by the Florida Department of Education but is provided as an opportunity for the school to summarize the underlying “why” or root causes for the areas of need identified in the data, as determined by situational awareness of, and research conducted by, the stakeholders involved in the needs assessment.

School Improvement Goals

The following key is intended to help readers understand how the sections of this document correspond to the steps of the 8-step planning and problem-solving framework used in the School Improvement Plan. The Quick Key numbers can help registered users go directly to the point of entry for any given goal, barrier and strategy within the online survey.
